## MASSACRED BY INDIANS

Twelve Ranchers and Several Women and Children Ruthlessly Slaughtered in Sonora. Party of Mining Men to the Rescue of Unfortunates.

FULLY TWENTY INDIANS KILLED BY BESIEGED MEXICANS WHO TOOK REFUGE IN RANCH HOUSE—FIVE YAKUIS INDIANS CAPTURED AND HANGED.

By Associated Press.  
San Francisco, June 27.—A despatch to the Chronicle from Tucson says: At least twelve ranchers and several women and children have met death at the hands of a band of Huichol Indians who have been raiding the country and many others are in danger of being massacred by the Indians along the Ures district of Sonora, and a party composed largely of American mining men, headed by Joseph De-ment, has gone out from Pozo station to rescue the unfortunates who are in danger of being massacred by the Indians.  
Dr. Frank J. Touissant, who has returned from Ures, brought the news of the trouble, which began last Friday. After several families had been ordered by the Indians, ranchers made a determined stand at Buenos Aires ranch where, aided by about thirty employees, they succeeded in repulsing the Indians, although Jesse Arundo, proprietor of the place, his brother Francisco, Louis Carranza, proprietor and adjoining ranch, and several other neighbors, died from wounds received in the fight.  
Dr. Touissant attended Carranza, who was brought into Lachumata, a mining town near where the fight took place. Besieged Mexicans took refuge in a ranch house and fought from the windows and roof. It is thought that fifty twenty Indians were killed, although the number can only be estimated, as the savages carried off the dead and wounded when they retired.  
The nearest armed force is situated at Ures, and when Dr. Touissant left, Hermosillo they had been sent to the scene of the outrages. Five Yakuis taken just outside of La Chumata and thought to have taken part in the massacres were immediately hanged.

## WOMAN SHOT BY JUMP

Two Bullets Into Goldfield, Nev., Attorney who Endeavored to Take Possession of Real Estate.

By Associated Press.  
Goldfield, Nev., June 27.—Mrs. Phoenix, the wife of a prominent Goldfield real estate man, who owns all the land between Goldfield and Columbia, has been shot three times, twice in the groin and once through the head, by a man who is believed to be a Phoenix addition and who is claiming to have the right to remain. Mrs. Phoenix jumped to do so by physical force, produced a revolver and shot him. She then calmly walked down town and then arrested was eating an ice cream soda.  
Mrs. Phoenix was held without bail. She will probably die.

## Americans Won All Three Tennis Tournament Matches

By Associated Press.  
London, June 27.—Americans won three matches in the lawn tennis championship tournament in both singles and doubles at Wimbledon today. The victory came easy except in the contests between Ward and Smith and Martignoletti and Evans, both brought out the best from both sides. Larned and Clothier easily outgeneraled the Swedish champions, Hillerup and Larsen.  
It is announced to-night that Miss R. K. Douglass, the English champion in singles, will defend the title. It had been feared that the injury to her ankle received while playing in South France would prevent her taking part in the tournament.

## Mary Baker G. Eddy Issues a Request to Scientists

By Associated Press.  
Boston, N. H., June 27.—Rev. Mary Baker G. Eddy has issued her request to the members of the First Church of Christ, Scientist, at One O'Clock, Lord's God is one and I now request that members of the church cease special prayer for the peace of nations and cease in full faith that God does not hear our prayers only because of our speaking; but that He will bless all inhabitants of the earth, and none can stay His hand nor say unto Him, 'What doest thou?' Out of His allness, he must bless all with His truth and love.

## ENG'R WALLACE HAS RESIGNED

Retires from Panama Canal Commission After Stormy Conference With Secretary Taft—Has Accepted \$60,000 Position With New York Concern.

CHIEF ENGINEER JOHN F. WALLACE.

By Associated Press.  
New York, June 27.—John F. Wallace, chief engineer of the Panama canal and member of the Canal Commission, has resigned both positions to accept a sixty thousand dollar office with a New York concern. When asked the cause of his resignation he replied that he was in a delicate position in the matter and referred the question to Secretary Taft.

## RESIGNED AFTER A STORMY CONFERENCE

New York, June 27.—The resignation of John F. Wallace, chief engineer of the Panama canal, is now in the hands of President Roosevelt, according to a statement made today by the Herald, which adds that it will be accepted to-day or to-morrow. It is said to have been handed to Secretary of War Taft in this city after a rather stormy conference, during which Mr. Wallace is said to have expressed his ideas of what should be done on the isthmus in very concise language. It is understood that Engineer Wallace will at once take charge of a large railway system in this country and that Theodore P. Shonts will remain as president of the canal commission. Mr. Wallace is still in this city, but declines to discuss canal affairs in any way. Since his return last week he has kept from public view, his address being known only to a few friends and the department officials.  
As to the cause for Engineer Wallace's resignation there are two versions, one coming from friends of Mr. Wallace. The first is to the effect that it was requested because of differences between the chief engineer and members of the commission. Secretary Taft and through the latter with President Roosevelt. The other version deals with hampering orders.  
"That serious differences in the conduct of the work on the isthmus had arisen between the chief engineer, the administration and some members of the canal board was known," says the Herald, "almost the first week after Mr. Wallace arrived at Panama. Delay in obtaining supplies, methods in advancing the plans according to procedure at Washington, were all strange to him and became irksome."  
Being chief engineer of the great undertaking, notwithstanding, he will be held responsible for the work he should be put in a position to have absolute control and objected to orders prohibiting his leaving the isthmus unless he obtained permission from the war department.  
These matters are said to have been discussed at the Sunday conference with Secretary Taft, which followed Mr. Wallace's arrival here and at which William Nelson Cromwell was present. Being a man of independent means, the \$60,000 annual salary was no object to the chief engineer, and no means having been found to meet his views as to the manner in which the canal work should be conducted, his resignation was presented.  
President Shonts is also in the city. He refused, however, to confirm publication that Engineer Wallace had resigned. Personally, he said he had no intention of leaving the commission. "Whatever trouble there may be between Mr. Wallace and the president and the secretary of war," he continued, "will not affect me. I do not intend to resign, but further than that I cannot say. I am not at liberty to talk of the affairs of the commission, and any announcement to be made must come from the president."

## REPRESENTATION DESIRED BY CHINA AT PEACE CONFERENCE

By Associated Press.  
Peking, June 27.—The correspondent of the Associated Press here is informed on good authority that China desires to be represented in the Russo-Japanese conference.

## ROOSEVELT IN MASSACHUSETTS

President to Participate in Commencement Exercises at Harvard.

WILL ATTEND TWENTY-FIFTH ANNIVERSARY OF HIS CLASS

Program Arranged Particularly for His Benefit.

PRESIDENT AND HIS SUITE ARE GUESTS OF BISHOP LAWRENCE, AT BOSTON—SQUAD OF DETECTIVES APPOINTED TO ACT AS PRESIDENT'S BODY GUARD.

By Associated Press.  
Boston, June 27.—As a Harvard "grad" purposing to participate in the reunion of his class and in the commencement exercises of his college, and not as president of the United States, Theodore Roosevelt came to Massachusetts to-day. Nevertheless his coming to Cambridge was to signalize one of the most notable commencement celebrations in the history of the university, especially in the matter of attendance, for in addition to the large quota of graduates from Massachusetts many hundreds were present from other states in the union and points beyond. The president came particularly to take part in the twenty-fifth anniversary of the class of 1880, of which he is a member and the program for his two days' stay was arranged almost entirely with reference to his participation in the class exercises and the general commencement meetings.  
A feature of this year's commencement is to have the announcement by Bishop William Lawrence, as president of the Harvard Alumni association of the result of plans to raise an endowment of \$2,500,000 for Harvard from the alumni. This announcement is to be made at the commencement dinner at Memorial Hall to-morrow afternoon, when the president is to deliver an address. President Roosevelt had refused all military escort and all invitations to engage in civic observances of any kind during his visit. Simplicity was to mark his entire course while in Boston and Cambridge and receptions of all kinds, except those in connection with his visit to Harvard were to be omitted.  
To-day President Roosevelt was met at the Back Bay station, this city, by Bishop Lawrence, who will act as the president's host during his stay in the university city. Here breakfast was served, the special guests being President Elliott, of Harvard, and Lieutenant Governor Guild, of Vermont. William L. Douglas had been invited, but a severe cold prevented him from leaving his home in Brooklyn. It was planned that the forenoon hours should be spent quietly by the president in rambling over the college grounds in company with other members of his class and at noon the class of 1880, with Mr. Roosevelt as its most distinguished member, was to proceed to the Oakley Country Club, at Watertown, for luncheon.  
An afternoon with his classmates at the Country Club and the class dinner in the evening at the Hotel Somerset in this city constituted the program for the remainder of the day.  
Special police arrangements have been made both by the Boston and Cambridge departments. A squad of detectives from police headquarters boarded the presidential train just before it entered the state and will remain with him throughout his stay as a personal bodyguard which was augmented by a squad of mounted police.  
The president's train reached the Back Bay station at 5:45 a. m. fifteen minutes ahead of schedule time. A small crowd cheered the president as he left the train and a platoon of police stood on guard. Secretary Loeb, Dr. Stokes and Stenographer Latta, also proceeded to the bishop's home, where the president arrived at 7:20 o'clock. Breakfast was served shortly afterwards.

## HEROIC ACT OF R. R. FIREMAN

SAVED BABY'S LIFE BUT RECEIVED INJURIES WHICH MAY RESULT IN DEATH.

By Associated Press.  
St. Joseph, Mo., June 27.—In saving the life of a two and a half year old child who had wandered on the railroad track near Jewell, Neb., George Poehl, a St. Joseph & Grand Island R. R. fireman, received injuries from which it is thought he will die.

## GERMANY'S REPLY TO FRENCH NOTE

By Associated Press.  
Paris, June 27.—Germany's reply to the French note on the subject of Morocco was presented during a conference between Prince Radolin, the German ambassador and Premier Rouvier at the Foreign Office today. While most friendly in form and entirely lacking in peremptory tone, Germany's response none the less maintains the position that the Moroccan question must be regulated by a conference of the powers without any agreement in advance limiting the scope of such conference. This was accompanied by the presentation of Germany's general view in such an amicable spirit as to disarm the suspicion entertained concerning Germany's ulterior motives.

## DESTRUCTIVE FOREST FIRES IN COLORADO

By Associated Press.  
Denver, Col., June 27.—Forest fires have been burning fiercely on government lands in the mountains southwest of Denver since Sunday morning. The loss thus far is \$50,000.

## THREE SMALL CHILDREN DROWNED IN BAYOU CHICO

## KUROPATKIN KILLED AND 70,000 RUSSIANS CAPTURED

REPORT CURRENT EARLY THIS MORNING IN ST. PETERSBURG THAT GREAT DISASTER HAS OVERTAKEN RUSSIAN FORCES IN MANCHURIA—NO CONFIRMATION RECEIVED.

By Associated Press.  
St. Petersburg, June 23. (2 a. m.)—A rumor spread throughout the city last night that General Kuropatkin had been killed. This rumor was connected sometimes with the report that seventy thousand Russians had been cut off by General Nogai's army and Kuropatkin taken a prisoner. Nothing confirmatory of these rumors has been received either by the General staff or in the press dispatches.  
PLENIPOTENTIARIES TO MEET EARLY IN AUGUST.  
St. Petersburg, June 27.—The foreign office has issued a communication confirming the statement made in Associated Press dispatches that Russia has accepted the first ten days in August as the time within which the first meeting of the peace plenipotentiaries will take place. The precise date is undecided but it will be about the time of arrival at Washington of the Japanese representatives.

## ADMIRAL WISE SCORES GULF COAST STEAMERS

MAJORITY OF VESSELS INSPECTED HAD DEFECTIVE LIFE PRESERVERS AND CARRIED LIFEBOATS IMPROPERLY—ALL INSPECTED DEFECTIVE IN SOME PARTICULAR.

By Associated Press.  
Washington, June 27.—In the report of Secretary Metcalf of the department of commerce and labor, transmitted last night to the president, embracing the report of special steamboat inspectors appointed as a result of the disaster last year to the steamer Slocum at New York, the tenth district, which embraces the lower Mississippi and the Gulf coast, come in for a severe criticism at the hands of Rear Admiral W. C. Wise. He describes the district generally as being in "very bad condition" and this scoring takes in vessels inspected at the port of New Orleans and along the Gulf coast.  
Of thirty-one vessels inspected in the district seventeen had defective life preservers, sixteen lifeboats improperly carried, all dangerously inflammable paint and lamp rooms, ten defective fire hose, eleven no fire drills.  
At Mobile where Samuel Taylor and Eugene O'Brien are the inspectors, seven vessels were reinspected by Admiral Wise. Of these six had dangerously inflammable lamp rooms, five carried life boats improperly, four had defective life preserver equipments, two had no fire drills.  
The reports are likely to be followed by the removal of a number of inspectors for neglect of duty. The report of the inspection treats the Cumberland and Tennessee river boats briefly, but on the whole favorably.

## PRES'T SHEA TO BE REMOVED

CALLED TEAMSTERS STRIKE CONTRARY TO CONSTITUTION AND USED MONEY WRONGFULLY.

By Associated Press.  
Chicago, June 27.—The removal of President C. P. Shea of the Brotherhood of Teamsters has been decided on by the International Executive committee. Anti-Shea leaders in the committee practically voted to depose the leader on account of being found guilty of violating the constitution and by-laws. There is no appeal from the action of the International Committee.  
The specific charges against Shea are of calling a strike contrary to the constitution and making expenditures from the brotherhood funds contrary to the by-laws.  
The board does not charge dishonesty in the handling of money, but charges that Shea's orders brought about expenditures which were forced upon the organization by calling the strike illegally.

## Many Killed and Wounded By Cossacks Near Lodz

By Associated Press.  
Warsaw, June 27.—A great meeting of two hundred Socialists in the forests near Lodz was surprised by Cossacks at noon today. Eighteen Socialists were wounded and one hundred and eighty arrested.

## RUSSIAN PEASANTS SACK AND BURN BUILDINGS

By Associated Press.  
Kharkoff, Russia, June 27.—Troops were despatched from here today to three adjoining districts where the peasants are sacking and burning buildings.

## Canadian Government Will Give Up Greene and Gaynor

By Associated Press.  
Ottawa, Ont., June 27.—The supreme court today unanimously granted the motion made on behalf of the United States government to quash the appeal of Gaynor and Greene from judgment of the King's bench, affirming the writ of prohibition by Judge Davidson against the issue of the warrant of extradition. The appeal was quashed with costs. The court of King's bench of Quebec gave judgment in favor of handing over Gaynor and Greene to the United States government.

## Question of Jurisdiction

Montreal, June 27.—The question of jurisdiction in the Gaynor-Greene case was argued before Judge Outin in the court of King's bench today and continued until next Friday when it is expected judgment will be given.

## ONE BODY FOUND

Were Children of Thomas Saurez, Who Resides Near Bayou.

## THE OLDEST WAS ONLY FOURTEEN YEARS OF AGE, AND IT IS SUPPOSED SHE WAS DROWNED IN ENDEAVORING TO RESCUE THE SMALLER ONES, WHO HAD GONE INTO DEEP WATER.

Three children, all of whom were under the age of fourteen years, were drowned late yesterday afternoon while in bathing in Bayou Chico, west of the city. They were Mabel, Nora and Tommie Suarez, daughters and son of Mr. and Mrs. Thomas Suarez. The accident occurred just before dark, and was not known in the city until a late hour. Then the news began to spread rapidly, and many anxious inquiries were made regarding the children and if the bodies had been recovered. In fact many telephones were kept busy by persons who were interested and who desired to learn the facts regarding the deplorable affair.

## Went Into Deep Water

From what could be learned during the night it has been the custom of the children during the summer months to go swimming in the bayou at a point between the county bridge and the Pensacola & Perdido railroad bridge, which is known as Emma's point. Many persons bathe there, and as the water is very shallow the children were allowed to go there, especially when accompanied by one of the older children. Yesterday afternoon was no exception, and the three young ones, among whom was Mabel, aged 14 years, left their home, which was not far distant, and proceeded to the point, where they plunged into the water, intending to enjoy the swimming.

## Mother Discovered Clothing

Mrs. Suarez, who was busy about her household duties, although cognizant of the whereabouts of the children, did not realize for some time their prolonged absence, and when she did it was almost dark. She immediately became uneasy and hastened to the point where they usually bathed and there found the clothing of all three of her children lying upon the beach. She then realized that something terrible had happened, and after calling and watching along the beach for several minutes, hastened to the homes of neighbors, and notified them of what she suspected—that all of her children had been drowned. The neighbors all turned out to begin a search, and endeavored to quiet the distressed mother.

## Within a few minutes dozens of persons

Within a few minutes dozens of persons came to the point, and the search was continued until midnight, but no bodies were recovered.

## Accident Occurred Late Yesterday Afternoon While They Were In Bathing.

The accident occurred just before dark, and was not known in the city until a late hour. Then the news began to spread rapidly, and many anxious inquiries were made regarding the children and if the bodies had been recovered. In fact many telephones were kept busy by persons who were interested and who desired to learn the facts regarding the deplorable affair.
